Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

S.No	Team Name	Member	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1			Team Leader	Introduction & Problem Statement	Coordinated the project, explained objectives and workflow.	Active
2			ML Developer	Dataset & Data Preprocessing	Collected dataset, cleaned data, trained the ML model.	Active
3			Backend Developer	Flask Backend & Prediction Logic	Developed backend APIs and integrated the ML model.	Active
4			Frontend Developer	User Interface Demonstration	Designed the web interface and demonstrated user interaction.	Active
5			Testing & Evaluation	Model Performance	Evaluated accuracy, confusion matrix, and performance metrics.	Active

6		Documentation & Presentation	Future Scope & Conclusion	Prepared documentation, presentation, and answered questions.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	(Chennam Surya) coordinated task allocation, meetings, and ensured timely completion of project milestones.
Overall Team Coordination Rating (1-5)	5 / 5
Any issues during demo	Minor delay while loading the Flask application and validating user inputs before prediction.
How issues were resolved	The application was restarted, inputs were verified, and the prediction module was tested again. The demo continued successfully without affecting the overall presentation. This content is appropriate for your Credit Card Approval Prediction SmartBridge documentation.
